Hospital Area, Ulhasnagar 3.

Dear Ritu,

Your positive smile at your patients first of all takes away more than half of the illness and sufferings. I must say that you are God gifted.

I was told to remove my uterus by many skilled doctors. When I came to you with so much of confidence, you promised me a DNC would do the trick. I listened to you and am thankful for your advice and personalized, homely treatment at Aastha. My uterus was saved.

I am absolutely okay now with all my body parts intact.

I am sure you will continue to do the good work and extend selfless advices and suggestions to all your patients.

We are all must be proud to have services of such an honest, sincere and selfless doctors like you.

Wishing you, your family and all at Aastha the very best.
