Dr. Krishna Balani
Aastha Hospital
Ulhasnagar.

Dear Krishna,

I would with profound thanks love to express myself to you. The professional treatment and the personal attention that my husband and I received during our major dental treatments is something we cherish.

I had undergone an expensive treatment few years ago with a renowned dental surgeon in Andheri which resulted in quite a bit of complications later on. It is now about six months since we underwent your treatment and I am grateful to you that we both do not have any problem whatsoever.

I am also thankful to my sister in law who suggested and insisted upon us to take a second advice from you during one of our visits to her in Ulhasnagar and that resulted in we getting much more value for the little money we spent.

I thank you always and have no hesitation to recommend your honest and extremely reliable treatment to anyone.

Our best personal regards and good wishes to you and ALL at Aastha hospital.
